## 2024 JOHN KOHLER SUMMER INTERNSHIP

The John Kohler Summer Internship is a paid internship offered to those individuals, that qualify, who are seeking a more comprehensive understanding and experience in the field of architecture. The internship will take place at the beginning of May through mid to late August.

John Kohler, founder of Kohler Architecture, believed that the best architectural education was in a “real world” office setting. Interns will have the opportunity to work alongside some of the most experienced and talented detailers, designers, and architects in the profession. They will have hands-on training with the most proven and advanced technologies in our industry. They will also gain insight and experience from on-the-job construction site visits where they will see contractors bring the drawings to life! Kohler Architecture has cultivated a lively and diverse culture that values Improving lives, Doing It Right, Never Settling, and Being Stronger Together. We exist to empower communities to Make Things Better and place a high priority on improving our staff through education and training.

### JOB SKILLS THAT WILL BE DEVELOPED:

- Strong problem-solving skills.
- Participation in a “team oriented” environment and making a positive impact and effective way.
- Enhancing your verbal and written communication skills.
- Enhancing your time management and organizational skills
- Experience working with built projects and working with contractors.
- Gaining an understanding of “real world” Building Science – includes assisting with the technical drawing of residential and commercial construction details.
- Enhancing your understanding and proficiency in Revit and AutoCAD.
- Hands-on understanding of 3D scanning existing built environments and documenting point cloud data.

### DUTIES WILL INCLUDE:

Working alongside principals and KA team members to assist in a variety of tasks including the following:

- Assisting with the Robert L. Polk Student Design Competition – scanning / archiving project boards, framing award certificates etc.
- Scanning / digitizing the existing KA drawing archive.
- Preparing architectural backgrounds in Revit / AutoCAD as required.
- Transferring of the KA technical detail library from AutoCAD format to Revit format.
- On-site laser 3D imaging building scanning.
- On-site field observations (photograph / document key phases of construction)
- Day-to-day functions of the office – running errands / deliveries, end of day organizational clean-up, loading printer paper / supplies, answering phones or greeting visitors and taking messages, etc.

For consideration, please send resumes to [resume@kohlerarchitect.net](mailto:resume@kohlerarchitect.net)
